

# SIX BRICKS

## Level 1 & Level 2 Certified Training

by Ardent English Learners

SKILLS *future* SG

**Six Bricks**, a hands-on tool for learning, is developed by **Care for Education**, South Africa and powered by **LEGO® Foundation**, Denmark. Through quick impactful activities with sets of **LEGO® DUPLO®** bricks in six bright colours, learners can practise their memory, communication, collaboration, movements, creativity and social interactions. If you work with children or elderly, come and share our vision of the value of play through this powerful brain training tool!

### ***By the end of the course, participants will***

- Understand what is Six Bricks;
- Experience the concept of playful learning;
- Design a set of suitable activities for your target audience.

Suitable for participants who work with children, children with special needs, caregivers, care professionals with active aging community, educators who interested in this new modality to create cognitively challenged activities to improve working memory, attention span, impulse control as well as cognitive flexibility.
