

SIX BRICKS CERTIFIED TRAINING

*Endorsed by Care for Education,
powered by LEGO Foundation & now
accredited by SkillsFuture Singapore!*

Join us for a 1-day training, perfect for individuals who aspire to learn a **new play modality** to enhance their interaction with their children, teenagers, students, elderly parents or clients, and experience for themselves how important play is & how Six Bricks can impact the **holistic development** of children in their developmental domains and executive functions. Do expect an authentic experience through **movement, laughter and reflection**.

Be introduced to this impactful hands-on tool called SIX BRICKS & explore how **versatile, scalable, dynamic, creative, and easy to use** this tool is!

SIX BRICKS CERTIFIED TRAINING

What is Six Bricks exactly?

Short & fun exercises that address & intervene all 5 major domains in cognitive processes (short term memory, orientation, planning, judgement & reasoning)

Open-ended - allowing learners to develop creativity

Versatile - suits different stages of learners & different social settings

Functional - suitable for individuals, pairs, small groups & big groups.

Scalable - level of difficulty is scalable for different abilities to prolong engagement with more cognitively challenging activities & for any learning context

Useful - addresses all developmental domains in perceptual development, literacy skills development, numeracy skills development, socio-emotional skills developments & executive functions

Fun - learn through play & inspire a love for learning
